SR 202 slowdowns in Redmond improve as drivers learn new detour

This past Monday traffic got a little sticky on SR 202 in Redmond after crews closed 185th Avenue NE at SR 202 and detoured traffic to 180th and 188th Avenues NE. Today traffic slowdowns were not an issue but please be prepared for some congestion in this area as drivers adjust to the new route. The closure will remain in place through August 31 while crews lower the road eight feet to improve safety and access to the [future widened SR 202](#). A signed detour is in place to access local agencies, businesses and homes. [View a map of the detour route and tips on how to avoid delays](#).

I-405 travel options

We're [helping you get around](#) during I-405 construction. Use the [online trip planner](#) and take advantage of additional service in Kirkland: [new Metro route 644](#), [expanded Metro route 255](#).
